OBJECTIVE

TO BE PART OF A DYNAMIC TEAM WHERE I CAN CONTRIBUTE 30 YEARS OF EXPERIENCE AND SKILL IN THE AREA OF GRAPHIC ARTS AND DESIGN AND IN THE AREAS OF LEADERSHIP AND PROJECT DEVELOPMENT. TO ASSIST BUSINESSES WITH THEIR OVERALL COMPANY BRANDING, INTERNET PRESENCE AND OTHER FORMS OF MEDIA REPRESENTATION.

EXPERIENCE

Living Praise Christian Center

Graphic Designer/Artist

Web Content Specialist

Create and design fliers, brochures, cards, logos, tape and book covers, promotional materials and animated projection screen graphics needed for the ministry. Responsible for all web design, content management and the overall media presentation of church and ministry websites, including our social media presence. Also responsible to ensure the successful live streaming of three of our weekly services.

Rock Solid Production

Graphic Designer/Artist

Project Manager

Customize, design and develop graphic and production artwork for personal and corporate branding. Design and create camera-ready artwork, motion graphics, book and tape covers, fliers, brochures, promotional materials, catalogs and logos. Create and design websites for personal use, businesses, non-profits, film and the television industries. Manage and oversee all aspects of the art production process to achieve client satisfaction.

E-mc2 Digital

Graphic Designer/Artist – Animator

Designed and created on-camera scripted and background computer displays for use in film and television, from simple DOS text screens to very elaborate screen graphics. Created, designed and utilized PDA and GPS graphic art displays. Designed, created and incorporated 3D, flash animation, compositing, rotoscoping and static art for use in film and television.

Nights of Neon, Inc.

Graphics Designer

Designed unique, specialized graphics for use in the television and film industry. Created, designed and formatted initial concepts and redesigns of client material. Responsible for interfacing and working with clients through the entire process to ensure complete client satisfaction. Created and designed distinctive graphics for neon, fabricated and digital signage. Developed and created intricate high-resolution graphics for use on 72" digital color printer. Generated digital files for use with plotters and computer-driven cnc saber routers. Maintain and operate Colorspan Digital Printer, Summa Thermal Vinyl Printer, and Gerber CNC Router.

J2S2 Online Productions, Inc.

America Online Inc.

Technical Director

Responsible for the oversight and management of three programmers. Designed and created the main pages used in the International Segment of the online forum. Responsible for the overall branding and presentation of the A&R Forum for America Online Inc. Designed extensive graphics for maintaining internal consistency across all Internet pages. Designed and created a web interface to expedite programming of article scripting.
